

# Quote, Configure, and Get Paid— All Within AutoQuotes

Experience Frictionless Payments, Powered by Fortis

AutoQuotes has partnered with Fortis to bring you AQ Pay – a revolutionary, integrated solution designed to optimize your quote-to-transaction workflow, accelerate cash flow, and significantly reduce your costs.

## Seamless AutoQuotes & ERP Integration

Collect payments, manage operations, and maintain unified data visibility from one centralized system. AQ Pay seamlessly integrates with your existing ERPs (NetSuite, Acumatica, Sage, Microsoft, and more), eliminating manual data entry for a comprehensive financial overview.

## Effortless Digital Invoicing with QuickInvoice

Generate and send electronic invoices directly from AutoQuotes with integrated, click-to-pay links for fast, simple client payments. Optimize your entire quote-to-transaction process.

## Accelerated Cash Flow with Next-Day Funding

Speed up your cash flow significantly with next-day funding on all transaction types – credit cards, ACH, debit, and contactless payments – giving you faster access to your funds.

## Zero-Cost Credit Card Acceptance

Offset processing fees with Fortis' compliant surcharging, allowing you to pass costs to customers while staying compliant. This enables zero-fee credit card acceptance, enhancing your bottom line.

## Intelligent AR Automation

Reduce manual work hours, streamline reconciliation, and improve accuracy with powerful automation and an intuitive, user-friendly interface.

## All-in-One Payment Ecosystem

Accept all payment types – credit cards, ACH, debit, and contactless – for both quote-based orders and in-store transactions, from a single, robust gateway.

## Consolidated Solution

Eliminate separate gateway fees and redundant accounts receivable software, integrating all payments directly within AutoQuotes for seamless, cost-effective platform.

## Ready to revolutionize how you get paid?

Book your personalized consultation with  
an AQ Pay expert today and see the difference!
