

# Seamless Payment Processing Experiences

## For Your ERP Software

Fortis offers payment processing solutions to help you lower your costs and better connect you to your customers. With award-winning API-technology, world-class onboarding and decades of ERP industry experience and knowledge, Fortis provides a seamless payment integration to help manage your daily business operations.

### Fortis Features/Solutions

#### Click to Pay Invoices

Email or text invoices to your customers and receive payments with the click of a button.

#### Flexible Payment Options

Accept, credit, debit, ACH and cloud EMV, allowing customers to pay the way they want.

#### Invoice Chasing

Set up alerts for customers with unpaid invoices, allowing you to collect payments at any time.

#### Online Customer Portal

Give customers access to a secure portal to view and pay open invoices.

#### Recurring Billing

Set up customized payment schedules and keep track of your invoices all in one place.

#### Dedicated ERP Experience Team

From installation to troubleshooting, you can rely on our customer support experts.
