

# Payment Processing in SuitePayments

Fast, automated, and secure payments with Fortis

## SuiteCloud Development Partner for NetSuite

The Fortis payment platform provides you with the tools to increase sales, drive revenue, and lower costs all while providing operational efficiencies within NetSuite.

Because we are built for NetSuite, activation is as easy as turning it on — no programming or costs required to start processing payments right away.

## Experience payments made easy in NetSuite

## Power up & Simplify NetSuite Payments

### More Payment Options

Accept Visa, Mastercard, American Express, Discover, JCB, UnionPay, and ACH payments within NetSuite.

### Cost-Saving Options

Take advantage of Level II & III processing on eligible transactions for lower fees and better reporting.

### Automate Your Processes

Say goodbye to manual entry and streamline your back office. All your payments data stays in one place.

### Get Paid Faster

Improve your cash flow by emailing a link for your customers to easily pay invoices.

### Strong NetSuite Relationship

Our technology has been delivering simplified payment processing in NetSuite for 20 years.

### Secure & Compliant

Lower your processing fees with our secure, PCI compliant solution.
